120V -24V 40W | LED Driver Supplier | Triac Dimming ISL-LD24DC40-105

Certifications/Qualifications

Certifications	UL, cUL, FCC

Dimensions

Length	4.23"
Width	1.71"
Height	1.26"

Electrical

Driver Type	Constant voltage
Input Voltage	120V AC
Output Voltage	24V DC
Output Current	Up to 1.7A
Max Power	40W

Dimming

Dimming	TRIAC (phase) dimming
Dimmer To Use	Standard TRIAC (phase-cut) dimmer, 120V

Product/Ordering Information

SKU	ISL-LD24DC40-105
Product Type	LED Driver

Safety

- Constant voltage drivers: Match the driver's output voltage to your LED's voltage.
- Constant current drivers: Match the output current to your LED's rated current and stay inside the output voltage range.
- Keep the total load at or below the max power.
- Turn the power off before installing or servicing.
